PROFESSIONAL SUMMARY

Data Science student with hands-on experience in Python, SQL, EDA, and data visualization. Published researcher in AI ethics with CGPA 9.0. Seeking a Data Analytics Internship to apply Python, SQL, and dashboarding skills in solving real-world business problems.

EDUCATION

Jodhpur Institute of Engineering and Technology (JIET)

B.Tech in Data Science — CGPA: **9.0**

2024 – 2028

Jodhpur, Rajasthan

Galaxy Public Senior Secondary School

Class XII — **91%** | Class X — **93%**

Class XII: 2024 | Class X: 2022

Jodhpur, Rajasthan

TECHNICAL SKILLS

Languages: Python, SQL

Data Analytics: Pandas, NumPy, Excel, Power BI, Tableau, Google Sheets

Visualization: Matplotlib, Seaborn

Concepts: EDA, Data Cleaning, KPI Reporting, Statistical Analysis, Machine Learning Basics

Tools: GitHub, Jupyter Notebook, MySQL, VS Code, AI APIs, JavaScript, HTML, CSS

PROJECTS

E-Commerce Sales Analytics Dashboard

In Progress

- Used SQL joins, aggregation queries, and KPI calculations to analyze 50,000+ transaction records for sales trends, top-performing categories, and customer behavior patterns.
- Created interactive Tableau dashboards with regional filters, monthly trend charts, category-wise KPI tracking, and product-level drilldowns.

Routine Optimizer — Productivity Analytics Tool

[\[GitHub\]](#)

- Analyzed 500+ daily activity records using Pandas and NumPy to detect productivity bottlenecks and weekly efficiency patterns.
- Generated KPI summaries and visual trend reports using Matplotlib and Excel PivotTables, reducing manual tracking effort by 30%.

LinkedIn AI Analyzer — Chrome Extension

[\[GitHub\]](#)

- Built a Chrome Extension that analyzes LinkedIn profiles using AI APIs and suggests improvements for headline, About section, and content quality.
- Automated the apply flow using clipboard integration, reducing profile optimization time from minutes to seconds.

RESEARCH & PUBLICATIONS

Ethical Issues in AI-Based Hiring Systems: A Simple Review

[\[View Paper\]](#)

Published on Academia.edu | 2026

- Reviewed algorithmic bias, transparency, privacy, and accountability gaps in AI-driven recruitment systems.
- Simplified findings in a student-friendly Medium article to improve public understanding of AI ethics in hiring.

CERTIFICATIONS

- Ethics in Engineering — NPTEL Swayam
- Project on MySQL — Infosys Springboard
- Data Analytics using Excel — JIET Jodhpur
- GitHub and Version Control Certification

ACHIEVEMENTS

- 1st Prize** — Insight Wars Data Analytics Competition, JIET (2025) — contributed as data presentation lead.
- Genpact Scholarship** recipient for academic excellence in Data Science (CGPA 9.0).
- Published Researcher** — AI Ethics paper on Academia.edu with engagement from HR professionals and students.
